

DO YOUR LABELS CAUSE TECHNICAL DIFFICULTIES?

Prepare for the unexpected, with RHINO 5000. You may not think about labeling until something goes wrong. That's why the clear identification of your connections is crucial. Designed for durability and ease of use, RHINO 5000 will speed your efforts in studios, control rooms, OB vans and more – so you're ready for anything, or business as usual.

Easy operation keeps your operation moving. RHINO 5000's full-featured command set includes one-touch "hot keys" and memory storage. But it really "shows its stuff" wrapping cables and wires, as well as labeling patch panels and equipment. With backlit display and impact-resistant rubber bumper, RHINO 5000 is just as useful behind dimly lit equipment racks.

RHINO labels leave a lasting impression. Our easy-load, all-in-one cartridges hold easy-peel labels that resist heat, UV, moisture and smearing. And our heat-shrink labels are an industry favorite. Think of RHINO 5000 as the advanced way to label fast-changing technology, without any difficulties.

Get **RHINO 5000** and get your labeling ready for anything. Visit www.rhinolabeling.com for details.

Available at Comprehensive, Gepco International, MilesTek and Pacific Radio Electronics.
